Now, let's start with **LESSON 2!**

Let's get back to the text about an incident at the Roswell base. Last time you were asked to read the text and say: "What is it?" / "Is it a UFO?" / "Is it a balloon?" ...

Your possible answers:

-That **CAN'T** be a UFO.

-It **MUST** be a balloon.

-It **MIGHT** be a secret project...

You can notice that in these sentences we use **MODAL VERBS (MUST, CAN'T, MIGHT, COULD)**.

We use them to **MAKE GUESSES about the PRESENT.**

MUST- mora da je tako...

CAN'T- ne moze biti ...

MIGHT= COULD- mozda je, moglo bi biti tako...

MUST (opposite) CAN'T!!!

EXAMPLES:

He always gets the best grades in his class. ----He **MUST** be the best student in his class.-----(*I'm SURE.*)

He sometimes gets the best grades.-----He **MIGHT/ COULD** be the best student. (*I'm NOT SURE.*)

He never gets good grades. -----He **CAN'T** be the best student. (*I'm SURE he isn't.*)

-Do exercise 6b in your SB, p.71.

Modals of deduction (PRESENT) will be revised again in the next **unit (10)** together with **Modals of deduction (PAST)**.

VOCABULARY: PROBLEMS (p.71)

-Read **the text** once just to get a general idea of the text. Underlined words are PHRASAL VERBS.

The main verbs will give you a clue to the meaning, e.g. think it over=think about it.

Now, when you read the text you can guess the meaning of other words. Do exercise 7a.

Answer the next questions:

-When a problem comes to your schooling, what do you do? –Do you **SORT IT OUT** yourself?

-When it is a problem with your family, who do you usually **TALK IT OVER WITH**?

-Who (in your family) usually **COMES UP WITH** the best ideas?

-Is it good to **IGNORE** a problem? Why (not)?

-Now, do exercise 7b (Use the underlined words from the text to complete these sentences)

-Write T/F! Which of these sentences are TRUE for YOU, which are FALSE?

TEXT: “DO THEY EXIST?” p.72

Look at the picture. Can you name those animals?

(gorilla, lizard, antelope)

Do you know what **CRYPTOZOOLOGY** is? Try to explain (if you know)

Now, read the text quickly to find / check that meaning .You don't have to understand every word at this point, just read to get the general idea.

So, can you say now: What is CRYPTOZOOLOGY?

Answer: It is the search for and study of animals whose existence or survival is disputed, such the Loch Ness Monster, the yeti...

CRYPTID- an animal whose existence is disputed

-ex. c) – Read the questions and check if you understand them. + Check those words too:

Dodo...a large extinct bird resembling the emu, formerly found in New Zealand.

Moa -a large extinct bird with a large head and a heavy hooked bill.

Okapi - a large mammal of the giraffe family that lives in Congo.

Now, read the text again and find the answers. Do this carefully!
